Subject: Board Agenda Item 14.03 Amendment to Supt/Pres Contract
Date: Monday, November 7, 2022 7:50:30 PM

Hello Chair Perez — there will be questions on this agenda item. And I would bet The Desert Sun will jump on it. I also suspect there will be at least 1 Trustee who will vote no. I have already received emails from staff and public regarding concern for this item. If I may ask that on Thursday you consider speaking on why this item is on the agenda? E.g., this is your final meeting and act as Board Chair; Dr. Garcia is deserving of this given her job performance this past year responding to public criticisms re: two major bond projects: the PS Campus and the Auto Tech School.

Also, I know that there are issues that our COD family are concerned about which were raised at the Faculty Forum and CSEA Forum and these are areas that Dr. Garcia is working and will continue to work with — and the Board will kept updated.

These are just suggestions and know you will be prepared. Just wanted to submit my two cents. Thanks so much.

Aurora Wilson, Trustee
Fourth District, Board of Trustees
